

Corporate Policy

Our entrepreneurial success is based on customer-oriented, entrepreneurial action and the responsibility of all employees for the quality of their work.

Contributing to our entrepreneurial success is also the responsibility towards society and the environment. Our goal is to create a work environment that protects the health and safety of all employees.

We make occupational safety and health protection, as well as environmental and climate protection, an integral part of our business activities. We are convinced that this contributes to the success of the company as well as to the satisfaction of every employee, customer, and partner.

We are committed to consistently complying with legal and other requirements. In addition, we expect active contributions from all employees and suppliers towards sustainable resource conservation. We aim for continuous improvement of our environmental performance and specific resource consumption.

Accidents and work-related illnesses are preventable. Healthy, motivated, and committed employees enhance the success and performance of our company. We promote a work environment that protects the physical and mental well-being of our employees. By taking preventive measures to minimize hazards and eliminate dangers, we support employees in better managing the demands of their professional lives and reducing workloads. In doing so, we commit to consulting and involving our employees.

We are committed to continually improving our management systems.
